HOW FLIGHTS WORK

Your plan includes a set number of one-way (OW) flight credits. Use two OW credits to fly a round trip (RT). Credits can be rolled over as shown; unused credits expire after the window listed in your tier.

Membership benefits subject to availability and operational scheduling. Standard Memberships (V2) differ from Founding Memberships. Flight credits, Guest Passes, and Doctor Passes are valid during the 12-month membership term and do not roll over.

TERMS AND CONDITIONS

Flight Credits. An OW credit equals one one-way seat on a scheduled Ladybird Jet route. One round trip (RT) requires two OW credits. Credits apply to scheduled service only and are subject to seat availability.

Hill Country Flyer. Members receive two one-way seat credits per quarter (equivalent to one RT). Credits may roll over within the same quarter to combine for a round trip. Unused credits expire at the end of the quarter and cannot be carried forward. Missed flights are forfeited.

Hop-On Access. Valid within 48 hours of departure on scheduled routes, standby or space-available basis. Elite members receive one free per month, then pay \$597. Pro members get one free per quarter, then \$597. Hill members receive 10% off the public rate.

Extra Seats. Elite members pay \$650 per one-way seat. Pro members pay \$699 per one-way seat. Hill members receive 10% off the public rate.

Pro members may use it quarterly at \$550 per one-way trip. Hill members receive one round trip per year. Passes are non-transferable.

Guest Passes. Founding Members receive unaccompanied guest passes in all tiers. After the founding phase: Elite members receive two per quarter; Pro members receive one per quarter; Hill members receive one per year, and the member must accompany the guest. Guest passes are not for resale.

Freeze Policy. Elite and Pro members may freeze once per month, up to once per year. There is no freeze option for Hill members.
